ADDITIONAL TERMS AND CONDITION FOR THE PROJ UPGRADATION OF POWER SUPPLY SYSTEM OF RADIO REPEATER (RR) VEHS (QTY- 07) AT 1STC OUT OF OCPP FOR FY 2025-26

Termination of a Concluded Contract: A contract may be terminated in the following circumstances: (a) When the supplier fails to honour any part of the contract including failure to deliver the contracted stores/render services in time. (b) When the contractor is found to have made any false or fraudulent declaration or statement to get the contract or he is found to be indulging in unethical or unfair trade practices. (c) When both parties mutually agree to terminate the contract. (d) When the item offered by the supplier repeatedly fails in the inspection and/or the supplier is not in a position to either rectify the defects or offer items conforming to the contracted quality standards. (e) Any special circumstances, which must be recorded to justify the cancellation or termination of a contract.

Arbitration: If a dispute arises between the Purchaser and the Supplier and it does not get resolved through mutual discussions, the parties may agree for arbitration. MOD/CFAs should prepare a panel of arbitrators for selection by the Defence Secretary /CFA's who appoint an arbitrator, whose decisions taken after due consideration of factors brought out by both parties are considered final. The option of approaching Ministry of Law for appointment of Arbitrator can also be exercised. Services Headquarters have the power to appoint Arbitrators within their delegated financial powers. The standard Arbitration clauses are given in Forms DPM-7, DPM-8 and DPM-9.

Transfer and Sub-letting: The Seller has no right to give, bargain, sell, assign or sublet or otherwise dispose of the Contract or any part thereof, as well as to give or to let a third party take benefit or advantage of the present Contract or any part thereof.

Fall Clause: In cases where contracts have to be concluded with the firms, whose rate contract with DGS &D/other central procurement agencies has expired and renewal of RC has not taken place, a 'fall clause' should be incorporated in the Supply Order/Contract to the effect that during the currency of the Supply Order/Contract, in case rates are found to be lower on conclusion of rate contract, the lower rates as in the rate contract shall be applicable.

Risk & Expense Purchase: Risk and expense purchase clause may be included in the RFP and the contract, if considered necessary. Risk and Expense purchase is undertaken by the purchaser in the event of the supplier failing to honour the contracted obligations within the stipulated period and where extension of delivery period is not approved. While initiating risk purchase at the cost and expense of the supplier, the purchaser must satisfy himself that the supplier has failed to deliver and has been given adequate and proper notice to discharge his obligations. Whenever risk purchase is resorted to, the supplier is liable to pay the additional amount spent by the Government, if any, in procuring the said contracted goods/ services through a fresh contract, i.e. the defaulting supplier has to bear the excess cost incurred as compared with the amount contracted with him. Factors like method of recovering such amount should also be considered while taking a decision to invoke the provision for risk purchase.

Force Majeure: Wherever considered necessary, this clause may be included in the RFP and in the Contract. In this context provisions of paragraph 10.9 of this Manual will apply, mutatis mutandis, to procurement from indigenous sources also, though this clause should be included in such contracts only if absolutely necessary.

Franking Clause in the case of Acceptance of Goods “The fact that the goods have been inspected after the delivery period and passed by the Inspecting Officer will not have the effect of keeping the contract alive. The goods are being passed without prejudice to the rights of the Buyer under the terms and conditions of the contract”. 199 b. **Franking Clause in the case of Rejection of Goods** “The fact that the goods have been inspected after the delivery period and rejected by the Inspecting Officer will not bind the Buyer in any manner. The goods are being rejected without prejudice to the rights of the Buyer under the terms and conditions of the contract.”

7.10 Liquidated Damages (LD)

7.10.1 Liquidated damages: Compensation of loss on account of late delivery where loss is pre-estimated and mutually agreed to is termed as the Liquidated Damage (LD). Law allows recovery of pre-estimated loss, provided such a term is included in the contract. For imposition of LD, there is no need to establish actual loss due to late supply. The legal position with regard to claim for liquidated damages is as follows:

(a) Whatever the quantum of the loss sustained, the claim cannot exceed the sum stipulated in the contract.

(b) Only reasonable sum can be calculated as damages, which in given situation may be less than the sum stipulated.

(c) What is a reasonable sum would depend on facts.

(d) Court may proceed on the assumption that the sum stipulated reflects the genuine pre-estimates of the parties as to the probable loss and such clause is intended to dispense with proof thereof.

(e) The distinction between penalty and LD has been abolished by the Indian Contract Act and in every case, the Court is not bound to award more than ‘reasonable compensation’ not exceeding the amount so named.

7.10.2 Quantum of LD: As a general rule, if the contractor fails to deliver the stores/service or any installment thereof within the DP or at any time repudiates the contract before expiry of such period, the CFA, without prejudice to the right of the purchaser to any other remedy for breach of contract, may recover from the contractor a sum equivalent to 0.5% of the prices of any stores which the contractor has failed to deliver within the period agreed for delivery in the contract, for each week or part thereof during which the delivery of such stores may be in arrears, where delivery thereof is accepted after expiry of the aforesaid period. The total damages shall not exceed value of 10% of undelivered goods. The LD cannot exceed the amount stipulated in the contract.

7.10.3 Guidelines for levying of LD: The following guidelines would be followed while taking decision for imposition of

| SrNo | Circumstances | Quantum of LD |
|------|---|---|
| 1 | Delay in supplies resulted in actual/ demonstrable monetary loss and the Supplier was responsible for the delay | Full LD as per the provisions of paragraph 7. 8.2, subject to the LD not exceeding 10% of the value of the contract |

2 Delay in supplies resulted in actual/ demonstrable monetary loss but the Supplier was responsible only for a part of the delay and the remaining part was beyond Supplier's control Full LD for the period for which the Supplier was responsible for the delay, subject to the

LD not exceeding 10% of the value of the contract 3 Delay in supplies resulted in actual/ demonstrable monetary loss but the entire delay was

as due to circumstances beyond the control of the Supplier

LD may be waived in full 4 Actual/demonstrable monetary loss cannot be certified and no inconvenience has been caused

LD may be waived in full

7.10.4 Waiver of LD: Liquidated damages may be waived in full or part, as per the guidelines contained in the preceding paragraph, with the approval of the CFA and the concurrence of the IFA, wherever such concurrence is mandated as per delegation of financial powers. In all such cases, adequate reasons should invariably be recorded for waiving the Liquidated Damages.

7.10.5 Consequential Damages: Consequential damage is imposed over and above LD in case of time critical Turn-key Projects. Where considered necessary, it should be included in the RFP and the contract.
